

# Twin Hose Reel

Alemite's new twin hose reels are constructed to the same high quality standards as all of our reels. Our reels feature rigid construction, sealed design, and high volume capacity, making them the ideal choice for a variety of rugged outdoor uses. Applications include hydraulic cylinders, tools, and equipment. These reels are available in severe duty, a narrow double post, and a high capacity double post designs.

## Features

- Sealed spring cassette protects the power spring from corrosion caused by water and dirt  
Lifetime warranty on spring
- Sealed rollers eliminate contamination that can bind the hose guide rollers
- Superior bearing performance reduces torque load on power spring for smooth retraction and durability
- Outlet port swivel nut makes installing the delivery hose quick and easy
- Adjustable arm allows for mounting on a floor, ceiling or wall. Narrow width allows for more reels to be mounted along a truck bed
- Double arm provides extra support for a larger hose during use. Four-corner bolthole pattern on outside of base provides extra stability
- High-volume capacity flow passage reduces fill rate time and improves efficiency
- Capable of handling up to 80' of 1/2" diameter hose
- Single body swivel which provides more bearing length for better support reducing the wear.  
(Narrow Double Post and Severe Duty Reel Models)
